

Add room resource as attendee

When you create the meeting invitation add a room resource which has a VC endpoint to be one of the meeting attendees.

If you receive the meeting invitation from someone else and want to join to the meeting with the VC endpoint, forward the meeting invitation to the room resource which has the VC endpoint you wish to use.

You can forward Elisa Videra Cloud Connect, Skype for Business, MS teams or Google Hangouts Meet invitation to the VC endpoint.

* Please note that the VC endpoint needs to be configured to support One Touch Meet. If you pass a meeting invitation to a VC endpoint which is not configured, you need to dial to the meeting by typing the calling address as you do today.

You are invited to join an Elisa Videra Cloud Connect call on John Smith VMR

There are three ways to join the meeting:

Join using any video device or Skype for Business: john.smith@meet.video

OR

Join using a web browser on a PC, Mac or Android device:

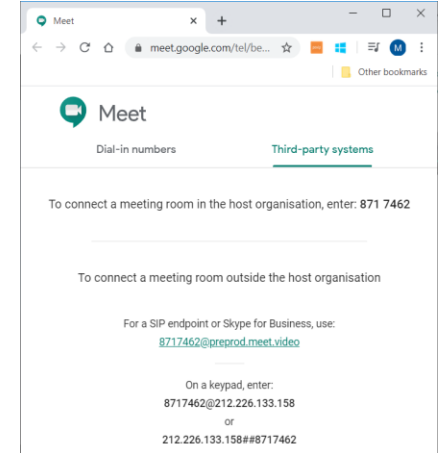

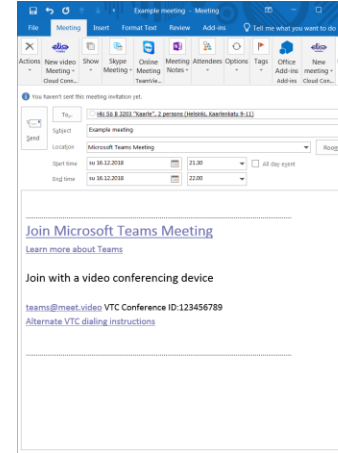

Click the link to join: <https://meet.video/?conference=john.smith@meet.video>

OR

Join by phone:

Dial: +442033181930, then enter 75320001#

Call in directly:
 Finland: +358942450190,75320001#
 Austria: +43720880434,75320001#
 Belgium: +3228083638,75320001#
 Denmark: +4569918072,75320001#
 Greece: +302111982389,75320001#

Joining to the meeting from the VC endpoint

Just press the green join icon or place a call button from the VC endpoint touch panel or navigate to it on the screen using the remote control
