Drawing up the offer and agreement, device space-related clearance, creating and maintaining registers, entry arrangements and power supply arrangements

| | |
|------------------|------|
| One-off charge € | €800 |
|------------------|------|

Cables, installations and other separately agreed services and needs will be charged according to the realised costs or a separate offer.

| Access control | | | | |
|--------------------------------------|------------------------|------------|---|---------------------------------|
| Prices €/h The minimum charge is 2 h | | | | |
| | | Category A | Category A urgent (orders less than 24h) | Category B and other facilities |
| Mon-Fri | 8 am – 4 pm | €70 | €105 | €3/pcs* |
| Mon-Fri | 4 pm – 8 am | €129 | €152 | €3/pcs* |
| Sat | 12 am – 12 pm midnight | €172 | €205 | €3/pcs* |
| Sundays and public holidays | | €242 | €270 | €3/pcs* |

Category A: Always escorted access. Urgent escorted access prices are valid when escorted access takes place less than 24h from ordering.

Category B: Access to facility require a personal security clearance. Access is implemented by a combination of key / patch and distance admission at entrance door. Compensation for the maintenance and service is *€3/key/month, €3/patch/month.

Access to other category facilities is managed as above.
The category of the facility is informed at the Request for Quote.

All the changes to the access systems will be charged as one time fee.
If the entrance cannot be arranged otherwise, an escorted access will be arranged to the customer, in which case access and work in the co-location will take place under Elisa’s supervision. The service is charged according to the hourly price list.

| In-house network connection | |
|-----------------------------|-----------|
| One-off charge | €500 |
| Indoor network | €90/month |

| Electric supply | Monthly charges |
|---|-----------------|
| 230 VAC unsecured energy* | €0,19/kWh |
| 230 VAC secured energy** | €0,33/kWh |
| 48 VDC secured energy** | €0,33/kWh |
| Compensation for additional supply/fuse brought to the device space/ piece | €10 pcs |

*Energy products contains costs of cooling the co-location. Energy products contains a raw energy. Unsecured 230 VAC is not available in all equipment facilities.

**Includes the best possible redundancy as a combination of batteries and a backup power supply, available at co-location.

The customer reports consumption as kW with 0,1 kW accuracy.
The calculation uses 730 hrs as the number of hours per month.

The minimum rent is for one (1) month.
The price will be charged according to the services in the facilities.
Elisa can check the price of raw energy compared to the average electricity production price and change it at the one (1) month notice time.

This price list is valid for the time being. The prices quoted are exclusive of VAT. Taxes and any other official charges valid at any given time will be added to final prices.

Elisa's General Terms for Operator products will be applied to the agreement.
